BENEFITS OF ATTENDING

- Graduates of NTS are more confident in their abilities. They perform better installations and are more professional in dealing with customers.
- Companies with NTS certified employees gain a distinct advantage over competitors. They tell their prospects, "Our installers are experts. They are certified by the National Training School." Certificates and patches give consumers confidence.
- NTS helps security professionals stay up-to-date on the latest trends and issues in the security business. Customers note your expertise and your installations improve.
- NTS helps to raise the image and professionalism of the entire industry.
- Companies that send employees to NTS attract the best workers - those interested in being top-notch security professionals.
- Security professionals who attend NTS receive course materials as a reference for the rest of their career.
