

## The Alarm Association of Greater St. Louis

### BIG ANNOUNCEMENT!!

We have the dates for a level one training class, so mark your calendar. The dates are Thursday March 22, Friday March 23 and Saturday March 24<sup>th</sup>. Cintas Fire Protection has graciously donated their conference room facility for the classes, and since this is in the north county area, it is extremely close to the airport for anyone coming in from outside our area. I have a general map of the area on page two. There has not been a level one class in St. Louis in over 5 years, so there should be plenty of candidates that need to take this course.

**When?**

**March 22<sup>nd</sup>, 23<sup>rd</sup> and 24<sup>th</sup>**

**Where?**

**Cintas Fire Protection Office  
634 Lambert Pointe Dr, Hazelwood, MO 63042**

The cost for ESA members to take the class is \$300 per person and \$400 per person for non members. Just to make everyone aware that the law states that not only the alarm technicians need to be level one certified but any sales or customer related personnel that are in the field at the customer site are also required to be level one certified.

### **Payment information**

**To pay by check:** Make checks payable to: Alarm Association of Greater St. Louis, and mail to: Sean Devereau, c/o Tech Electronics, 6437 Manchester, St. Louis, MO 63139. Be sure to include a note that this is payment for the Level One training class.

**To pay by credit card:** Go on line to the AAGSL's website: [www.alarmstl.org](http://www.alarmstl.org). Select whether you are an ESA member or not and the number of people that will be taking the course.

**For more information about the Level One class, you can contact Nick Barrack at: [cse@fidmail.com](mailto:cse@fidmail.com)**

Below is a general map of the location. I will try to get more detailed instructions and some listings of nearby hotels.

Cintas Fire Protection, 634 Lambert Pointe Drive, Hazelwood, MO 63042
